25X1 1. After 3 September 1953 there was intensive vehicular traffic through Radensleben in the direction of Wustrau. On 3 September, about 50 trucks
25X1 [redacted] were seen and, on 4 September,

25X1 [redacted] were seen and, on 4 September, [redacted]
about 100 motor vehicles [redacted]

25X1 [redacted] loaded with billeting equipment, planks and tents. On 5

25X1 September, about 130 motor vehicles

25X1 [redacted] loaded with all
25X1 kinds of equipment, were observed. A temporary radio station was established
between Radensleben and Alt Eriesack. 1

2. At 9 a.m. on 15 September, 200 to 300 troops wearing red epaulets and coming from Stammlager Zossen, were loaded onto 20 boxcars in Wuensdorf. The luggage was brought to the station by trucks [redacted]

25X1 Comment. The motor vehicle numbers belong to the 133th Gds Sig Regt (US) and to the 62d AAA Div (US) of the Third Gds Mecz Army and, together with transportation records, represent a valuable confirmation as to the course of the command post exercise in Mecklenburg. From 26 to 28 August, elements of the army on seven trains departed from Jueterbog for the area southeast of Angermuende, where they assembled and bivouacked until about 2 September when they presumably launched an attack on the Neuruppin-Kremmen line in order to reach the Gloewen-Neustadt area, from where they departed for Jueterbog on 6 trains between 7 and 9 September. Information on movements of the other armies participating in the command post exercise was contained in a previous report.

25X1 [] Comment. The motor vehicles belong to the GOFG in Wuensdorf.
